PRINT AUDIT Facilities Manager

Print Audit Facilities Manager is a powerful, easy to use tool designed to remotely monitor volumes, automate supplies fulfillment and report service information for managing fleets of copiers, printers, fax machines, and multi-function devices.

Facilities Manager is the most accurate device management solution available.

Technical Advantages

Smart Alert System:

- Notifies your Help Desk of issues, at the right time – not all the time.
- Gives you the power to configure your alerting needs.
- **Accurately predicts how long until toner runs out.**

Security:

- Data transmissions are encrypted using the same security used by online banking systems.
- All data is stored on a fully secured, firewall enabled, third-party server.
- **No personal data is gathered.**

"IT HAS BEEN A VERY PLEASANT EXPERIENCE TO WORK WITH PRINT AUDIT. YOUR PRODUCTS AND SERVICES ARE EXCELLENT."

Richard B.Turnbow, Capell & Howard

Key Benefits

Simplify supplies and service management

- Order toner and supplies with the touch of a button.
- Reduce downtime with powerful service & status alerts.
- Access your data from anywhere using the World Wide Web.

Maximize printer assets

- Track Total Cost of Ownership and identify costly devices for replacement.
- Increase employee productivity by keeping devices running smoothly.
- Automate reporting of meters for your print service provider.

Learn more about your printing fleet

- Inventory all of your copiers, printers, fax machines, and multi-function devices.
- Monitor volumes generated by each printer in your fleet.
- Create powerful reports to spot equipment inefficiencies.
